SCOPE OF TESTING:	Compliance of product with EU food legislation
PLACE OF TESTING:	ARGE Agrolab-Belan C&LA, Consulting & Lab Analysis, Durisolstr. 7, A-4600 Wels

Expert Opinion:

The composition of the product meets the general regulations of the Austrian Food Safety- and Consumer Protection Law (BGBl. 13/2006 idjgF.) and the EU regulation 178/2002 as amended. The product composition complies to regulations Reg. EC 231/12 and Reg. EC 1333/08 as amended.

The results of the sensory, microbiological and chemical investigations provide no evidence for a complaint (Reg. 2023/915 as amended). The source of the microbial contamination should be investigated and measures should be considered to avoid the contamination in the future.

The obligatory labelling elements conform to the regulation on the provisions for food information (Reg. EC 11669/2011 idjgF) and labeling of food supplements (Dir. EC 46/2002 as amended).

Based on the test performed, the product is suitable for human consumption and are therefore approved, respectively free for sale in Austria (member of the EU).
